The Hellenic Republic Announces a New Notes Offering and a Switch and Tender Offer

24 July 2017

Switch and Tender Offer

The Hellenic Republic (the **Republic**) announces today an invitation to holders of its outstanding 4.75 per cent. Notes due 2019 (ISIN: GR0114028534) (the **Existing Notes**) to tender such Existing Notes for purchase for cash (the **Switch and Tender Offer**). The Switch and Tender Offer is being made on the terms and subject to the conditions (including the New Notes Condition) contained in the switch and tender offer memorandum dated 24 July 2017 (the **Switch and Tender Offer Memorandum**) prepared by the Republic, and is subject to the offer restrictions set out below and as more fully described in the Switch and Tender Offer Memorandum.

BNP Paribas, Citigroup Global Markets Limited, Deutsche Bank AG, London Branch, Goldman Sachs International Bank, HSBC Bank plc and Merrill Lynch International are acting as Dealer Managers for the Switch and Tender Offer, HSBC Bank plc is acting as Billing and Delivering Bank and Lucid Issuer Services Limited is acting as Information Agent.

New Notes Offering

The Republic also announces today that it intends to offer new euro-denominated fixed rate notes due 2022 (the **New Notes**) for cash in a Regulation S / 144A benchmark sized offering (the **New Notes Offering**). BNP Paribas, Citigroup Global Markets Limited, Deutsche Bank Aktiengesellschaft, Goldman Sachs International Bank, HSBC Bank plc and Merrill Lynch International have been mandated as Joint Lead Managers for the New Notes Offering. Pricing of the New Notes Offering is expected to occur on 25 July 2017, subject to market conditions, with settlement expected to occur on 1 August 2017.

Copies of the Switch and Tender Offer Memorandum are (subject to distribution restrictions) available from the Information Agent as set out below. Capitalised terms used in the discussion of the Switch and Tender Offer below but not defined have the meanings given to them in the Switch and Tender Offer Memorandum.

Details of the Switch and Tender Offer

Purchase Price and Accrued Interest

The cash purchase price (the **Purchase Price**) to be paid for Existing Notes validly tendered and accepted by the Republic for purchase pursuant to the Switch and Tender Offer will be equal to 102.6 per cent. of the nominal amount of such Existing Notes.

Holders whose Existing Notes are accepted by the Republic for purchase pursuant to the Switch and Tender Offer will also receive an Accrued Interest Payment in respect of such Existing Notes.

New Notes Condition and Other Conditions

The Switch and Tender Offer is conditional on the successful pricing and closing of the New Notes Offering in an amount, with pricing and on terms and conditions satisfactory to the Republic (in its sole determination) (the **New Notes Condition**).

The Switch and Tender Offer is also conditional on the dealer manager agreement that the Republic has entered into with the Dealer Managers and the Billing and Delivering Bank in relation to the Switch and Tender Offer (and the obligations of the Dealer Managers and the Billing and Delivering Bank thereunder) not having been terminated or cancelled prior to or at the time of the settlement of the Switch and Tender Offer by the Dealer Managers and/or the Billing and Delivering Bank on the Settlement Date, as well as the other conditions described in the Switch and Tender Offer Memorandum.

The Republic is not under any obligation to accept for purchase pursuant to the Switch and Tender Offer any Existing Notes tendered pursuant to the Switch and Tender Offer. The acceptance by the Republic of Existing Notes tendered for purchase pursuant to the Switch and Tender Offer is at the sole discretion of the Republic and tenders may be rejected by the Republic for any reason. In addition, even in the event that the Existing Notes are validly tendered and accepted for purchase pursuant to the Switch and Tender Offer, the Billing and Delivering Bank will not be under any obligation to purchase and pay for such Existing Notes unless the conditions to the Switch and Tender Offer (including the New Notes Condition) have been satisfied or waived on or prior to the Settlement Date.

Tender Procedures – Submission of Tender Instructions

The period during which Tender Instructions may be submitted by Noteholders (the **Submission Period**) will commence on 25 July 2017 and will end at the Expiration Deadline on 25 July 2017, unless extended, re-opened or terminated as provided in the Switch and Tender Offer Memorandum.

The Expiration Deadline will (subject in each case to the right of the Republic to extend, re-open, amend and/or terminate the Switch and Tender Offer) be:

- (a) in connection with any Preferred Instructions (as defined below), the time at which the bookbuilding process for the New Notes closes or such later time on 25 July 2017 as the Republic, in its sole discretion, may determine (subject to the right of the Republic to extend, re-open, amend and/or terminate the Switch and Tender Offer); and
- (b) in connection with any Non-Preferred Instructions (as defined below), such time falling at or after the Expiration Deadline applicable to Preferred Instructions (as described in (a) above) on 25 July 2017 as the Republic, in its sole discretion, may determine (subject to the right of the Republic to extend, re-open, amend and/or terminate the Switch and Tender Offer).

In order to participate in, and be eligible to receive the Purchase Price and the Accrued Interest Payment pursuant to, the Switch and Tender Offer, Noteholders must validly tender their Existing Notes by submitting a valid Tender Instruction during the Submission Period.

Any Noteholder who wishes to submit a Tender Instruction pursuant to the Switch and Tender Offer and has an account with a Dealer Manager should call its regular contact at that Dealer Manager at any time during the Submission Period. **A holder of Existing Notes must submit a Tender Instruction to one Dealer Manager only.** Each Dealer Manager will transmit the Tender Instructions received by it to the Billing and Delivering Bank. No holder of Existing Notes should submit multiple Tender Instructions in respect of the same Existing Notes.

Any Noteholder who wishes to submit a Tender Instruction but does not have an account with a Dealer Manager may do so through any broker, dealer, commercial bank, trust company, other financial institution or other custodian that such Noteholder customarily uses and that has an account with the Billing and Delivering Bank or a Dealer Manager. Such broker, dealer, commercial bank, trust company, other financial institution or other custodian must contact the Billing and Delivering Bank or such other Dealer Manager at its phone number set out below at any time during the Submission Period. Noteholders may be required to pay a fee or commission to any such broker, dealer, commercial bank, trust company, other financial institution or other custodian through whom Existing Notes are tendered for purchase.

Tender Instructions may be submitted as “Preferred Instructions” or “Non-Preferred Instructions” as further described below and in the Switch and Tender Offer Memorandum.

Holders of Existing Notes will NOT be able to submit Tender Instructions through the BOGS System or any other clearing system. Holders of Existing Notes should not send Existing Notes or Tender Instructions to the Republic.

Tender Instructions will be irrevocable except in the limited circumstances described in the Switch and Tender Offer Memorandum.

Tender Instructions must be submitted in respect of an integral multiple of €1,000 of Existing Notes.

Tender Procedures – Following the Submission of Tender Instructions

Following acceptance by the Republic of valid tenders of Existing Notes pursuant to the Switch and Tender Offer, each relevant Noteholder must (unless otherwise agreed by the Billing and Delivering Bank and the Republic) book a trade ticket with the Billing and Delivering Bank (including in circumstances where the relevant Tender Instruction was submitted to a Dealer Manager other than the Billing and Delivering Bank) or, if the relevant Noteholder does not have an account with the Billing and Delivering Bank, with the Dealer Manager to whom the relevant Noteholder submitted its Tender Instruction (following which the relevant Dealer Manager will then book an equivalent trade ticket with the Billing and Delivering Bank).

Existing Notes accepted by the Republic for purchase pursuant to the Switch and Tender Offer will be settled in cash on a delivery-versus-payment basis with the Billing and Delivering Bank on the Settlement Date, in accordance with customary brokerage practices for corporate fixed income securities.

In the event of a failure to deliver Existing Notes accepted for purchase pursuant to the Switch and Tender Offer on time, the relevant Noteholder will, if it submitted a Preferred Instruction, remain obliged to purchase its allocation of New Notes in the New Notes Offering in respect of its related Indication of Interest. Failure to deliver Existing Notes accepted for purchase pursuant to the Switch and Tender Offer on time may also result in (i) the cancellation of the Switch and Tender Offer in relation to the Existing Notes not delivered, (ii) the relevant Noteholder becoming liable for any loss or damages incurred by the Republic, the Billing and Delivering Bank or any other Dealer Manager as a result of that failure and/or (iii) the delivery of a buy-in notice for the purchase of such Existing Notes, executed in accordance with customary brokerage practices for corporate fixed income securities.

Only the Billing and Delivering Bank will be liable for the payment of the Purchase Price and the Accrued Interest Payment for Existing Notes validly tendered and accepted by the Republic for purchase. The Republic will not be liable to any Noteholder under any circumstances for the payment of the Purchase Price and the Accrued Interest Payment for any Existing Notes tendered in the Switch and Tender Offer by any Noteholder.

Final Acceptance Amount, Priority of Acceptance and Scaling

The aggregate nominal amount of Existing Notes the Republic will accept for purchase pursuant to the Switch and Tender Offer, subject to the terms and conditions described in the Switch and Tender Offer Memorandum (including the New Notes Condition) (the **Final Acceptance Amount**) will be determined by the Republic in its sole discretion and shall not exceed the aggregate nominal amount of Existing Notes the aggregate Purchase Price of which would equal the aggregate net proceeds of the New Notes.

If the Republic, in its sole and absolute discretion, accepts any Existing Notes for purchase pursuant to the Switch and Tender Offer and the aggregate nominal amount of Existing Notes validly tendered exceeds the Final Acceptance Amount, the Republic intends to accept validly tendered Existing Notes in the following order of priority:

- (a) Tender Instructions from Noteholders who have submitted an Indication of Interest (as defined below) in the New Notes Offering prior to the deadline for receipt of firm orders

(Preferred Instructions) will be accepted first. Such priority will apply to Preferred Instructions, subject to possible *pro rata* scaling or rounding as described below, relating to an aggregate nominal amount of Existing Notes that such Noteholder validly tenders as is equal to the nominal amount of the New Notes to which its Indication of Interest relates. **Indication of Interest** means the submission to a Joint Lead Manager of the New Notes Offering, during the bookbuilding process for the New Notes, of a firm bid for a certain amount of New Notes at a price equal to or above the issue price of the New Notes determined through the bookbuilding process; and

- (b) (A) Tender Instructions from Noteholders who have not placed a firm order for the New Notes, (B) Tender Instructions from Noteholders to the extent a proportion does not fall within the definition of Preferred Instructions (i.e. where the Noteholder submits a Tender Instruction in respect of an aggregate nominal amount of Existing Notes greater than the nominal amount of the New Notes to which its Indication of Interest relates), and (C) Tender Instructions submitted by holders after the deadline for receipt of Indications of Interest in the New Notes Offering, (together **Non-Preferred Instructions**) will be accepted second.

Accordingly, depending on the aggregate nominal amount of all Existing Notes validly tendered and the Final Acceptance Amount, certain tenders of Existing Notes may be subject to acceptance on a *pro rata* basis, as more fully described in the Switch and Tender Offer Memorandum.
