COMPANY PROFILE

Revoil is an oil products reseller. Its core operation includes buying oil products from refineries and selling them as a wholesaler and as a retailer. Its retail network is comprised from 532 points of sale currently. Its main products are various types of gasoline, diesel, heating oil and lubricants. The company commands the highest level licenses of oil product sales offered from the Greek State.

Revoil also offers oil product storing services for other companies (i.e. throughput) in its privately storage facilities with a total capacity of 44,348 m3.

Revoil S.A. established in 1982 as a small petroleum company, succeeded to become gradually one of the largest privately owned independent oil trading companies in Greece with a market share of 10%. Revoil operates in a fragmented market in which only 5 companies possess market share between 9% to 14%.

In June 2010 the company expanded in maritime sector by establishing a 100% subsidiary called ARISTON SHIPPING INVESTMENT COMPANY. At the moment ARISTON has a fleet of three dry bulk carriers build 1994 the first two and 1998 the third one, with a capacity of 45.000 tons each. The vessels are all chartered.

The company has demonstrated its sensitivity to environmental issues by instituting and maintaining a Greek Standards Agency ISO 14001 certified environmental management system for its delivery-storage-distribution procedures at its installations and at its head office in Vari Athens. The Chios (Eastern Aegean) and Nea Karvali at Kavala (Northern Greece near Balkan countries) storage installations are fully automated and fully compliant with EU specifications on environmental protection.

KEY INVESTMENT HIGHLIGHTS

- National gas station network
- Competitive pricing policy
- Effective Credit Policy
- New, technologically advanced storage facilities of great capacity
- Strong, lasting cooperation with the gas station network
- Attractive valuation
- Market share of 10%
- Diversification as the investment in shipping differs from the greek oil trade market. Maritime sector is closely linked to the global economic environment, far from domestic economic conditions.
