

PIRAEUS BANK

### **Announcement**

Following a relevant query by the Hellenic Capital Market Commission, Piraeus Bank would like to inform the investment community that there is no regulatory call to increase its share capital. The Bank has a total capital ratio of 16.1% against a regulatory requirement of 11.25%.

The Bank was informed by the Hellenic Financial Stability Fund, that press reports alleging that the Hellenic Financial Stability Fund estimates that a share capital increase of €2 billion is required, are completely false.
