## **Space Hellas “Cisco Collaboration Partner of the Year 2021” and “Cisco Webex Rising Star”**

Space Hellas is pleased to announce that it has received the «Cisco Collaboration Partner of the Year Award» during the Cisco Partner Summit 2021 which was held digitally on November 10. This distinction is a recognition by Cisco of the special position held by Space Hellas for the impressive achievement of its goals and places it in the first rank among its partners for the region Europe South Theater/Greece, Cyprus & Malta.

The company has recently been honored with the important distinction “Webex Rising Star” for the EMEAR region.

The above major awards demonstrate in practice the recognition of Cisco concerning the performance of Space Hellas, for the continuous development of new innovative solutions and services, such as Collaboration, Video Analytics and Web Intelligence. Space Hellas’ success in digitally transforming enterprises has created impressive growth in its business partnership with Cisco. Honorary Distinctions reward the strategic choice of Space Hellas to be competitive in Cisco solutions internationally and innovate in combination with the high know-how and the impeccable service provided by its certified manpower.

Within a dynamically changing environment, Space Hellas is once again among the selected Cisco partners, honored with its awards for the exemplary cooperation and the excellent business results they achieve. Space Hellas is Cisco Gold Certified Partner, the cooperation of the two companies exceeds 20 years and holds a large number of important projects. The multiple honorary distinctions that Space Hellas has received throughout its long-standing partnership with Cisco are a commitment to the benefit of its numerous customers.
