It is pointed out that the trading of the rights will not be possible during the last three (3) working days before the end of their exercise period. The date on which the trading of the pre-emptive rights in the ATHEX electronic trading system will cease is set at the end of the trading session on 09.02.2022.

The procedure of the exercise of the pre-emptive rights shall be the following:

The pre-emptive rights for the acquisition of New Shares are freely transferable and will be traded on the ATHEX from the commencement date of their exercise until three (3) working days before the last day of their exercise period, according to article 5.3.1.2 case (5) of the ATHEX Rulebook.

The pre-emptive rights may be exercised during business days and hours throughout the exercise period, either through the Participants of the shareholders' securities accounts (investment services firms or bank custodian) by submitting an application to them, or directly at the branches of Piraeus Bank S.A. (for investors that are not willing to exercise them through their Participants).

The total amount paid for the subscription of New Shares corresponding to the pre-emptive rights that will have been exercised should be credited simultaneously with the exercise of the rights (with the care of the investor who exercises its rights or the Participant through which the rights are exercised, as the case may be), in the special account which has been opened for the Share Capital Increase in Piraeus Bank S.A..

Specifically as regards the exercise of the pre-emptive right at the branches of Piraeus Bank S.A., the beneficiaries must (a) present their ID card, tax registration number, a print-out of their details in the D.S.S. as well as the relevant Certificate of Pledged Rights for the exercise of pre-emptive rights, which they should seek from their Participant (b) declare at the time of exercise of their rights their registry securities code number, the number of their Securities Account and the authorised Participant of their Securities Account to whom they wish the registration of the New Shares corresponding to the exercised pre-emptive rights to be made, and (c) pay in cash, in a special bank account that the Company has already opened for the Share Capital Increase, the total price of the New Shares corresponding to their exercised pre-emptive right.

The payment of the above amount will be made either by depositing cash in the special bank account that has been opened especially for this Share Capital Increase or by debiting a deposit account that may be kept by the shareholder in Piraeus Bank S.A. by an amount equal to the total price of the New Shares corresponding to the exercised pre-emptive right and then an equal credit of the above special account of the Share Capital Increase.

After exercising their pre-emptive rights, the subscribers will receive a relevant receipt, which is not a temporary title and will not be traded on a market or transferred.

In case of multiple subscriptions for New Shares by the same person in accordance with the data held in the DSS, the total number of subscriptions shall be treated as a single subscription.

Any pre-emptive rights which will not be exercised by the end of the exercise period will expire and be no more in force automatically.

The investors exercising their pre-emptive rights will not bear any settlement costs and costs for the credit of the New Shares in their account or any other cost. With regard to the purchase of pre-emptive rights, the purchaser shall bear any costs and charges agreed with the investment firm or bank acting as intermediary for such purchase as well as the fees and charges applied by ATHEXCSD.

The New Shares shall be distributed to beneficiaries in dematerialised form by crediting the Securities Accounts of each beneficiary on the D.S.S., as declared by each beneficiary.

Fractions of New Shares will not be issued. If any exercised pre-emptive rights produce decimal number of New Shares, New Shares shall be rounded down to the nearest integer for each beneficiary, while it will not be possible the exercise of pre-emptive rights for any remaining share fraction.

If for any reason whatsoever the paid-up amount with respect to the New Shares must be returned to those who have exercised pre-emptive rights, this will be made without payment of any interest.

Procedure of the exercise of the Pre-subscription Right

According to the decision of the Company's Board of Directors, dated 20.01.2022, the beneficiaries who exercised in full their pre-emptive rights are granted a pre-subscription right (the "**Pre-Subscription Right**") to acquire, at the Subscription Price, New Shares that may remain unsubscribed after the timely exercise or expiration of the pre-emptive rights (the "**Unsubscribed Shares**"). The Pre-subscription Right may be exercised by each beneficiary for the acquisition of Unsubscribed Shares that do not exceed 100% of the number of New Shares corresponding to the exercised pre-emptive rights of such beneficiary.

The Pre-subscription Right shall be exercised simultaneously with the exercise of the pre-emptive rights throughout the duration of the period for exercise of pre-emptive rights, during working days and hours, either through the Participants of the investors' securities accounts (investment services firms or bank custodian) by submitting an application to them, or directly at the branches of Piraeus Bank S.A. (for investors that are not willing to exercise them through their Participants).

The existence of a deposit account in Piraeus Bank S.A. is a prerequisite for exercising the Pre-subscription Right through the network of branches of Piraeus Bank S.A..

The beneficiaries of the Pre-subscription Right, provided that they will have exercised in full their pre-emptive rights, can exercise the Pre-subscription Right on any Unsubscribed Shares, by submitting a written declaration at the branches of Piraeus Bank S.A. where the number and value of the New Shares they wish to acquire will be stated. The exercise of the Pre-subscription Right will be carried out by pledging the deposit account held or to be opened by the beneficiary in Piraeus Bank S.A., for an amount equal to the value of the New Shares for which such beneficiary exercises the Pre-subscription Right.

On the day of full partial satisfaction of the exercised Pre-subscription Right of the beneficiary, Piraeus Bank S.A. will debit the beneficiary's account for an amount equal to the total value of the New Shares that will be finally allocated to the beneficiary of the Pre-subscription Right and then to the credit of the special bank account which has been opened specifically for the Share Capital Increase.

The beneficiaries of the Pre-subscription Right who exercise their Pre-subscription Right through Participants will submit the relevant application through them, in which the number of New Shares corresponding to the exercised Pre-subscription right will be mentioned. Participants should be authorised by beneficiaries and take appropriate action to properly exercise their customers' Pre-subscription Right.

If more than one pre-subscription for New Shares is found by the same person according to the D.S.S. data, all of these pre-subscriptions will be treated as a single pre-subscription.

After the exercise of the Pre-subscription Rights, the beneficiaries will receive a relevant receipt, which is not a temporary title and may not be traded on a market.

In case the number of Unsubscribed Shares is greater than the number of Shares requested through pre-subscriptions, the pre-subscriptions will be satisfied in their entirety. If the number of Unsubscribed Shares is not sufficient for the full satisfaction of the demand from the beneficiaries, the beneficiaries of the Pre-subscription Rights will be satisfied proportionally and on the basis of the number of New Shares for which the Pre-subscription Right has been exercised compared to the total number of Unsubscribed Shares until they are completely exhausted. Any paid pre-subscription amounts that will not be used to acquire Unsubscribed Shares will be released and returned interest-free to those who exercised the Pre-subscription Right.

Procedure of subscription for Unsubscribed Shares

In case where after the allocations of New Shares based on the exercised pre-emptive rights and Pre-subscription Right there are still Unsubscribed Shares, such shares will be offered at the Subscription Price, at the discretion of the Board of Directors. If there are still Unsubscribed Shares, the share capital of the Company will increase only by the amount of the final subscription according to article 28 of L. 4548/2018, as applicable (possibility of partial subscription).
