Announcement of Significant Facts

The company “ADMIE (IPTO) HOLDING S.A.” (or “Company”), informs investors that according to a press conference given by the President of the Regulatory Authority for Energy on 27.06.2022, among others, it stated that the weighted average cost of capital (WACC) regarding the calculation of the Allowed Revenue of IPTO SA for the regulatory period 2022-2025 will be at 6.1%.

The affiliated company IPTO S.A. in the light of this development considers that this level of the return is much lower than the proposal submitted in October 2021, however it assures its shareholders that it remains fully committed to the implementation of its investment program and will take the appropriate actions to arrive a reasonable and balanced regulatory framework that will ensure the public interest and at the same time restores the uninterrupted implementation of its program.
