# Q3 & 9M 2023 at a glance

- Strong demand led to solid performance across all business units of the Group, in line with the annual budget
- Revenue growth almost evenly split between existing products and new acquisitions
- New products launched in Q2 (ERP/CRM for small/micro companies and Recruitment, HR and Payroll management software for medium and large entities) expected to help sustain double digit organic growth
- 3 acquisitions concluded so far this year (GGSoft, SmartCV, SW RetailSoft), further expanding our presence in new vertical markets
- Baseline FY2023 target for organic and inorganic revenue growth of 30%, with slight increase in profitability (EBITDA) margin compared to FY2022

# Revenue breakdown by activity

## Licenses

New License revenue benefited from first subsidies programs (RRF) that started to release funds in H1 2023. All growth organic

## Annual Releases (Maintenance)

Approximately half of growth attributed to recent acquisitions (Bit Software, Smartware and CGSoft)

## Services

Growth attributed mainly to recent acquisitions (Bit Software, Smartware and CGSoft)

## SaaS

Growth driven mainly from elnvoicing and Bit Software

# Strong base of recurring revenue

- 16,3 million Euro recurring revenue in 9M 2023 (61% of total) versus 11,8 million Euro in 9M 2022 (57% of total)
- Increase of new projects and new clients due to organic growth forms the basis for stronger recurring revenues in the future

# Geographies

- Strong double-digit growth in Greece, led primarily by ERP solutions
- Following one year from the acquisition of Bit Software, continue to uphold our strategic view for the local market. Potential to double our addressable market in the next years
- Other geographies steady and profitable, but not currently a focal point

- Very low leverage allows for ambitious acquisitions strategy
- Capital required to be tied up in NWC due to customarily longer payment periods in Greece and core market segment (mid/large businesses) that negotiate payment terms
- Improvement in DSO in 2023 partially attributed to quick payments from the Voucher program (RRF)

# Cashflow generation

- The company has funded its growth almost exclusively from organic free cashflows
- Latest round of debt financing raised to fund a more aggressive acquisitions plan
- Dividend payout ~50% of NI in the period, but no firm commitment to specific policy
