

## PRESS RELEASE

Thessaloniki 15/01/2024

### **EPSILON NET GROUP:** Acquisition of pharmacy software **LAVINET** by **Epsilon CSA** (a company of EPSILON NET Group)

**EPSILON NET** Group announces that the Group's company and a 100% subsidiary of EPSILON NET SA, **Epsilon CSA** ([www.csagreece.com](http://www.csagreece.com)) has agreed with **LAVISOFT SA** to acquire the pharmacy management software **LAVINET** for a price of €184,000.

This specific software, which serves more than 150 entities throughout Greece, is one of the oldest and most important systems in the pharmacies sector, while one of its main features is the ability to meet the specific requirements of pharmacies operating under a common commercial network.

With this agreement, Epsilon CSA further strengthens its market share and leading position in the provision of integrated software solutions in the field of pharmacies, a vertical market that is of particular interest in relation to the digital transformation in the healthcare sector and the new modern service needs created.

**Epsilon CSA** is the Group's specialized company in providing systems and specialized services in the areas of:

- pharmacies
- pharmaceutical warehouses

The company has followed over time, the ever-changing business models through which the profession of pharmacist is practiced and based on them evolves the systems it offers.

The goal is to offer high performance and interoperability solutions to the approximately **5,500 pharmacies** it supports as well as to the collaborating pharmaceutical warehouses, strengthening, beyond businesswise, their particularly important role as primary health service providers. In this context and utilizing the technological superiority of the Group, launched the **Pylon FARMAKON** software as well as new solutions at the level of automation systems in collaboration with the German company **ROWA**.

The Group continues with steady steps the implementation of technological & business partnerships with the aim of increasing its market shares and overall financial figures. The strategic goal of EPSILON NET management remains the creation of value for the Group's staff, partners and shareholders, as the largest **Business Software & Technology Solutions** provider in Greece.
