

Investor Day: ALUMIL Successfully Hosted Event for Institutional Investors

ALUMIL S.A., in collaboration with Piraeus Securities, held an Investor Day event on Monday, May 5, 2025, at its production facilities in Kilkis.

The event was attended by representatives of the largest Greek institutional investors, who were given a tour of the company's factory and were briefed on the Group's business strategy.

This was followed by a presentation of the financial results for the fiscal year 2024, as well as Management's outlook for the Group's future.

The presentation highlighted key aspects of ALUMIL's strategic and operational position, summarized as follows:

- Leading position in the global aluminium architectural systems sector, with presence in over 60 countries through its 34 subsidiaries.
- Vertical integration and production digitization through investments in cutting-edge technologies such as A.I. and robotic warehouses.
- Focus on "green" aluminium with investments aimed at reducing CO₂ emissions by 30% by 2030, innovative sustainability solutions, and certified inclusion in the ATHEX ESG index.
- Robust international expansion, with engineering hubs in strategic markets.
- Strong customer base: partnerships with top architectural firms and construction companies.
- Strategic investments in new extrusion lines and robotic warehouses.

It is worth noting that, according to Management's forecasts, by 2029 the Group is expected to exceed €710 million in turnover and €90 million in EBITDA.

The success of the event confirms the investment community's confidence in ALUMIL Group's vision and prospects, as well as its commitment to remaining a pioneer in sustainable and innovative solutions for the global architectural and construction sector.
