THIS ANNOUNCEMENT AND THE INFORMATION CONTAINED HEREIN ARE NOT INTENDED TO AND SHALL NOT BE DISTRIBUTED, IN WHOLE OR IN PART, IN ANY COUNTRY WHERE THE RELEASE, PUBLICATION OR DISTRIBUTION OF SUCH INFORMATION IS CONTRARY TO THE APPLICABLE LAWS OR REGULATIONS OR WOULD REQUIRE A LICENSE OR REGISTRATION TO THAT END. THIS ANNOUNCEMENT IS NOT AN OFFER OF SECURITIES FOR SALE OR A SOLICITATION OF AN OFFER TO PURCHASE ANY SECURITIES OF THE COMPANY IN ANY JURISDICTION IN WHICH AN OFFER IS UNLAWFUL.

By virtue of the decision of the Board of Directors of the company "AEGEAN AIRLINES S.A." (hereinafter "Issuer" or "Company") dated 19.06.2025, the Issuer, *inter alia*, decided:

- (a) the issuance of an common, interest bearing, bond loan by the Issuer ("Bond Loan" or "CBL"), pursuant to the provisions of Law 4548/2018, as in force, and the provisions of Greek Law 3156/2003 that remain in force (the "Issuance"), of a total nominal amount of up to two hundred and fifty million euros (€250,000,000) with a duration of seven (7) years, divided into up to 250,000 dematerialized, common, registered bonds of nominal value of €1,000 each (the "Bonds"), as well as the approval of the specific terms of the CBL, which constitute the CBL programme (the "CBL Programme");
- (b) that the Bonds will be offered for subscription through a Public Offering within the Greek Territory to the entire investing public, i.e. to qualified and retail investors, within a period of three (3) business days, during which the subscription of the Bond Loan will take place (the "Public Offering"), using the Electronic Book Building (the "E.BB.") service of the Athens Exchange and will be recorded in the Dematerialised Securities System ("DSS") and will be admitted to trading on the Fixed Income Securities Segment of the Regulated Market of the Athens Exchange ("ATHEX");
- (c) the determination of the offer price of each Bond at par, i.e. €1,000 per Bond;
- (d) that the interest rate will be determined by the Joint Coordinators and Bookrunners, on the basis of the final yield of the Bonds, through the EBB process, in accordance with the specific provisions of the Prospectus, and will be announced by the Issuer to the ATHEX Daily Statistical Bulletin on the next Business Day after the end of the Public Offering period;
- (e) that the allocation of the Bonds to the interested investors will be carried out in accordance with the criteria and allocation percentages to each category of investors that will be reflected in detail in the Prospectus; and
- (f) to appoint EUROBANK as the bondholder agent of the Bond Loan.

If the CBL is not subscribed for an amount of at least €200,000,000, the Issuance of the Bond Loan will be cancelled and the amount corresponding to the blocked subscription amount of each Retail Investor will be released within two (2) business days at the latest, without interest.

DETERMINATION OF FINAL YIELD AND INTEREST RATE OF THE BONDS THROUGH PUBLIC OFFERING BY WAY OF BOOK BUILDING PROCESS

The determination of the yield and the interest rate of the Bonds ("Interest Rate") shall be effected by way of the book building process ("Book Building"), which shall be kept by the Joint Coordinators and Bookrunners, and will be conducted through the E.BB. process. In the E.BB. process only Qualified Investors may participate.

The Interest Rate and the final yield shall be determined by the Joint Coordinators and Bookrunners, within the yield range, by the Electronic Book Building, as further specified in the Prospectus, will be approved by a person authorized by the Board of Directors of the Issuer and will be announced on the Company's website and on the website of the ATHEX no later than the next business day after the end of the Public Offering period.

THIS ANNOUNCEMENT AND THE INFORMATION CONTAINED HEREIN ARE NOT INTENDED TO AND SHALL NOT BE DISTRIBUTED, IN WHOLE OR IN PART, IN ANY COUNTRY WHERE THE RELEASE, PUBLICATION OR DISTRIBUTION OF SUCH INFORMATION IS CONTRARY TO THE APPLICABLE LAWS OR REGULATIONS OR WOULD REQUIRE A LICENSE OR REGISTRATION TO THAT END. THIS ANNOUNCEMENT IS NOT AN OFFER OF SECURITIES FOR SALE OR A SOLICITATION OF AN OFFER TO PURCHASE ANY SECURITIES OF THE COMPANY IN ANY JURISDICTION IN WHICH AN OFFER IS UNLAWFUL.

The final yield will be determined by the Joint Coordinators and Bookrunners within the yield range for the participants of E.BB. process.

The yield range shall be determined by the Joint Coordinators and Bookrunners and shall be published in the Daily Statistical Bulletin of ATHEX and on the Issuer's website, at the latest on the previous day of the commencement date of the Public Offering period, for the investors to be notified. It is noted that in order to determine the yield range, a pre-marketing process will be followed, i.e. a joint assessment of the conditions of the Greek and international capital markets, as well as the financial status and prospects of the Company's group. During the period that precedes the E.BB. process (pre-marketing period), the Joint Coordinators and Bookrunners receive indicative offers by Qualified Investors, to determine, pursuant to professional criteria, the yield range that corresponds better to market demand.

The high end of the yield range may exceed the low end by up to 150 base units.

The final yield and Interest Rate shall be notified to the Hellenic Capital Market Commission and shall be published on the website of the Issuer and ATHEX, at the latest on the next business day following the completion of the Public Offering.

The criteria and conditions, on the basis of which the final yield and Interest Rate shall be determined, include the bond market conditions, the volume of demand per yield by Qualified Investors, the volume and type of Qualified Investors, the volume of demand by Retail Investors (to the extent that the final allocation to them exceeds the minimum allocation percentage of 30%), as well as the bond loan issuance service cost that the Issuer is willing to undertake.

Indicatively, if the demand by Qualified Investors covers the Issuance up to the high end of the yield range but at the same time a material part of the Issuance is subscribed for at a lower level of yield, the lower level may be selected, even if this results in a smaller amount of proceeds raised, and provided that the condition for the issuance of the Bonds is met.

Concurrently with the determination of the final yield, the final allocation of the Bonds will be decided. In any case, the Interest Rate shall be determined within the announced binding yield range.

The Interest Rate and offer price will be common for all investors, Qualified and Retail, that will participate in the Issuance of the Bonds through the Public Offering.

Within two (2) business days following the end of the Public Offering, a detailed announcement will be issued by the Joint Coordinators and Bookrunners regarding the outcome of the Public Offering, including the Interest Rate, which will be published in the Daily Statistical Bulletin of ATHEX.

Detailed information on the final yield and interest rate is provided in section 4.3.3. "Determination of final yield and Interest Rate of the Bonds by means of a Public Offering through the Book Building" of the Prospectus.

The minimum amount for participation is one (1) Bond of a nominal value of €1,000.

The Public Offering and subscription period for interested investors will have a duration of three (3) business days.

The Joint Coordinators and Bookrunners have been designated as coordinators of the E.BB. process, as set out in E.BB. Decision. Amendment or cancellation of the Subscription Application for the offer to purchase Bonds is possible throughout the term of the Public Offering, following a similar process to the initial submission.

In case that the Subscription Application is not properly filled in, pursuant to the terms and conditions for the participation and subscription in the Public Offering, according to the Prospectus, the CBL Program and the E.BB Decision, the Subscription Application will not be accepted.

THIS ANNOUNCEMENT IS NOT AN OFFER OF SECURITIES FOR SALE OR A SOLICITATION OF AN OFFER TO PURCHASE ANY SECURITIES OF THE COMPANY IN ANY JURISDICTION IN WHICH AN OFFER IS UNLAWFUL.

In case of a Subscription Application submitted on behalf of a Retail Investor through a Client Securities Account, including Joint Investor Shares, this application will be accepted only if said Retail Investor is the beneficiary or co-beneficiary of the Securities Accounts, through which subscription was conducted.

Interested Retail Investors will subscribe for the lowest yield of the range that will be announced on the day prior to the commencement of the Public Offering. The value of subscription for Retail Investors is the product of the number of Bonds requested multiplied by the nominal value of €1,000 per Bond.

Detailed information on the participation of Retail Investors is provided in section 4.3.5. "Offering, Subscription and Allocation Process of the Offered Bonds through a Public Offering" of the Prospectus.

PROCESS FOR PARTICIPATION OF QUALIFIED INVESTORS IN THE ELECTRONIC BOOK BUILDING

Interested Qualified Investors must file their Subscription Applications directly to the Joint Coordinators and Bookrunners and the Lead Underwriters. The process for submission of offers by Qualified Investors will last from the first until the last day of the Public Offering.

The yield that will be included in the Subscription Application, within the range that will be announced, will be on increments of 5 basis points, namely 0.05%.

Offers submitted by Qualified Investors will be collected throughout the term of the E.BB. process, which will be managed by the Joint Coordinators and Bookrunners, in order to determine the requested volume per alternative yield, as well as the total number of requested Bonds.

The E.BB. will close on the last day of the Public Offering period (4:00 p.m. Greek time), and all offers, as in force at that time, will be considered as final.

Detailed information on the participation of Qualified Investors is provided in section 4.3.5. "Offering, Subscription and Allocation Process of the Offered Bonds through a Public Offering" of the Prospectus.

ALLOCATION PROCESS

Following the determination of the final yield and Interest Rate, the Joint Coordinators and Bookrunners shall determine the size of the Issuance and, subsequently, the Bonds will be allocated to investors as follows:

- at least 30% of the Bonds of the Public Offering (namely at least 75,000 Bonds in the event of full subscription of the CBL, i.e. issuance of 250,000 Bonds) will be allocated to Retail Investors; and
- up to 70% of the Bonds of the Public Offering (namely up to 175,000 Bonds in the event of full subscription of the CBL, i.e. issuance of 250,000 Bonds) will be allocated among Qualified Investors and Retail Investors.

As long as the subscriptions of Retail Investors for the 30% of the Bonds of the Public Offering have been satisfied, the following will be taken into consideration, for the final determination of the percentage of allocation to each category of investors:

(a) the demand by Qualified Investors, (b) the demand of Retail Investors exceeding 30%, (c) the number of Subscription Applications submitted by Retail Investors, as well as (d) the need to create conditions for the smooth trading of the Bonds in the secondary market.
