

## Press Release

Athens, September 29, 2025

### **Award to Space Hellas for cybersecurity and business continuity project in the 4th Health Region of Macedonia and Thrace**

Space Hellas is pleased to announce that it has received Silver Award in the category Best Compliance Team – Telecoms, Media & Technology Sector an important distinction at the Compliance Awards 2025, for the work it has implemented in the IT Directorate of the 4th Health Region of Macedonia and Thrace, contributing to the digital shielding of critical public sector infrastructure.

In particular, Space Hellas designed and implemented integrated systems for the management of information security (ISMS) and business continuity (BCMS), which led to the successful certification of the 4th HR in accordance with the international standards ISO 27001 and ISO 22301. At the same time, it supported the operation of the organisation with strategic guidance on cyber security (CISO) and provided enhanced protection through the Security Operations Center (SOC).

This implementation highlights the 4th Health Region as a model organisation in the area of public health, with a strong commitment to ensuring information security and operational continuity. Successful certification demonstrates the operational maturity and technological readiness of the organisation to respond effectively to the ever-increasing challenges of the digital age, thus ensuring the uninterrupted delivery of quality health services to citizens.

This distinction highlights Space Hellas' strategic contribution to cyber security and operational continuity, as well as its wider role as a credible partner of Public Administration, with innovative solutions in areas such as IoT, Artificial intelligence, Energy Efficiency and Environmental Protection.

With this project, Space Hellas demonstrates its commitment to supporting digital public sector initiatives, enhancing the quality of services and operational efficiency.
