

## **Announcement for Change of Senior Executive**

Athens International Airport S.A. (the "Company" or "AIA") announces that the Chief Financial Officer, Panagiotis Michalarogiannis has decided to conclude his long-standing collaboration with the Company, on 30.06.2026, closing an important chapter of professional contribution.

Panagiotis Michalarogiannis joined the Company in March 2002 as Manager, Accounting and Tax with broad and multifaceted experience in finance, having held senior positions in various organizations, while since January 2014, he has served as the Company's Chief Financial Officer. With his integrity, strong sense of responsibility and deep financial expertise, he has been a valuable CFO, effectively safeguarding the Company's interests, actively contributing to the implementation of AIA's strategic targets, including the concession extension and the successful listing on the Athens Exchange.

Following the Company's BoD Decision on April 28<sup>th</sup>, 2026, Nadia Xirogianni will be appointed Chief Financial Officer (CFO) as of July 1<sup>st</sup>, 2026, succeeding Panagiotis Michalarogiannis.

Nadia Xirogianni holds a degree in Chemical Engineering from the National Technical University of Athens and an MBA from City University Business School in London. Nadia joined the Company in 2001, bringing valuable experience from the consulting and consumer industries. With a long and steadily evolving career within the Company, Nadia has developed extensive expertise in financial management. Since 2006, Nadia held the role of Manager Corporate Finance, building a comprehensive understanding of the Company's financial operations and business and consistently contributing with professionalism and responsibility to key initiatives, including the extension of AIA's concession period. In 2023, she was promoted to Director of Financial Services and played an active role in the Company's listing on the Athens Exchange, while she recently assumed also the responsibility of Investor Relations.

She has been a member of the ACI EUROPE Economics Committee since 2005, and she is a member of the ACI World Economics Standing Committee since early 2026.
